As we face increased demands in overhead with rising costs for payroll, including the annual \$1.00 minimum wage increases, insurance rates, utilities, just to name a few, and now with all the incredible challenges we have faced over the past 2 years, CCG will be adjusting all tuition rates by approximately 6% for our January 2022 tuition. This adjustment is necessary to continue to have the highest quality, BEST OF THE BEST Staff, and our superior programs that we offer. Our last adjustment was October and November of 2020.

Just a reminder that all payments are due on or before the 1st of each month to avoid the \$15 late fee per child.

We value each of our customers and are honored to have your continued support of our programs, employees, and business as we move forward through this pandemic.

If you have any questions regarding these changes, please do not hesitate to contact our office.
