

Marchbanks Arts: For Us, It's Personal

Our children were in gymnastics for over ten years, first as artistic gymnasts (thru Level 7), then as acro gymnasts (thru Level 10). When they first started, we quickly realized the limitations of taking pix from the sidelines, even with a good camera. Sharp gymnastics photography requires a blindingly fast shutter speed (1/1000) in notoriously poor lighting, and you can't use a flash without endangering airborne gymnasts. Accordingly, Paul earned safety certification, started a business, and began shooting from the floor during meets.

As families notice throughout competition season, professional photographers tend to provide unedited photos on a flash drive. We crop, sharpen, and color-correct individual shots.

For gymnasts who sign up, we will capture **10+ photos on 1-3 events**. Check out sample pix & collages at marchbanksphotography.com.

To preorder, email us at marchbanksphotos@gmail.com by Friday, Jan. 13 and *receive 1 free digital file*. To order at the meet, pay using cash, check, or credit card at our table *before* your gymnast's session begins.
